

## HOW TO START YOUR CAREER IN TECH

Take a degree in a tech subject such as Computer Science, <u>IT Management</u> for Business or <u>Software</u> Engineering for Business

Most courses last 3 years, but some are 4 years with an extra year for a work placement.

## Take an <u>IT Higher</u> Apprenticeship

This will take at least 2 years and you'll receive a qualification, such as HNC, HND or foundation degree.

You can top up a Higher Apprenticeship leading to a full honours degree.

## Take a <u>Degree</u> Apprenticeship

Courses will last between 3 to 5 years depending on the employer and you'll receive a degree.

## **Graduate Tech Role**

Your degree, degree apprenticeship or higher apprenticeship could lead to a tech role in an area as business manager, developer, digital designer, sales & marketing, technical engineer or client relations. <u>Find out more about these job roles.</u>
